

PRODUCT Nº: 1069

TECMA CLEAN-GUM

LABEL REMOVER AEROSOL

CHARACTERISTICS:

TECMA CLEAN GUM is a potent remover of stickers on a variety of supports such as metal, wood, plastics, ceramics, glass, etc. without affecting the surface. It also eliminates the traces of blue, resins and silicones that are bonded to the substrate.

TECMA CLEAN GUM contains in its composition “natural” solvents such as monocyclic terpene hydrocarbons extracted from citric products.

APPLICATIONS:

Due to the careful formulation which combines the action of various solvents, it can be applied in a variety of stickers that contain adhesives of different nature in the preparation of:

- Identification labels
- Shipping labels
- Price-tags

Also used in the removal of sticky substances such as traces of adhesives, stains of trees resin, gums.

INSTRUCTIONS:

Apply with the aerosol in vertical position, a sufficient quantity of product at a distance of about 15 to 20 cm, to wet the entire label, keeping the product 2-3 minutes of contact, time sufficient for most of labels, in order to penetrating through the paper of the label and dissolve the adhesive. In some cases of difficult elimination keep the product long enough to soften the adhesive.

To remove any traces of adhesive, gums or resins, reapply the product, wait a few minutes and remove residues with a cloth.

Although there have been many trials on different surfaces, and given the great diversity of these, we recommend a small test of **TECMA CLEAN GUM** before its use to verify that the surface on which the label is, is not affected by the product.

RECOMMENDATIONS:

Although many tests have been carried out on different surfaces, and given the great diversity of these, we recommend to carry out a small test of **TECMA CLEAN GUM** before its use to verify that the surface on which the label is, is not affected by the product.

PRECAUTIONS:

Keep out of reach of children. Pressurized container. Protect from sunlight and do not expose to temperatures exceeding 50° C. Do not pierce or burn even after use. Do not spray on a naked flame or incandescent material. Keep away from flame or spark source. Do not smoke.

PACKAGING AND STORAGE:
