## TECMA SUELOS- PERFUMADO

Neutral and perfumed detergent for cleaning floors

### CHARACTERISTICS

**TECMA SUELOS- PERFUMADO** neutral, liquid, green-coloured, non-alkaline detergent, which is especially recommended for daily cleaning of floors and other surfaces which get clean and glossy with no damage. Its composition based on anionic and non-ionic tensoactives, humectants, solvents and chelants is free of alkaline products, thus avoiding with its neutral pH the possible damages due to an excessive alkalinity on treated surfaces. **TECMA SUELOS-PERFUMADO** due to its careful composition and its controlled foam-forming power, can be used in aqueous solution by hand or machine. Biodegradable product. **N.R.S. 3700207/M**

### USES

**TECMA SUELOS-PERFUMADO** is especially recommended for systematic and frequent cleaning of surfaces made of terrazzo, tiles and floors in general, used as product for daily upkeep. Due to its special composition, low foam—forming power and neutral pH, it's especially recommended for care, cleaning and upkeep of mechanically crystallized floors by low or high speed machines, being possible to make the upkeeping by hand or using the above mentioned machines.

### METHOD OF USE

**TECMA SUELOS-AMONIACAL** can be used pure, as it's supplied, but due to its cleaning power, it's recommended to use aqueous solutions of the product. The most suitable concentration will depend on the dirt degree. When using **TECMA SUELOS-PERFUMADO** by hand, pour in the bucket between 8-10 cc of product per litre of water and clean the floor in the usual way.

When cleaning crystallized floors by cleaning machines, it's recommended to use the amounts and in the way recommended by the manufacturer of the machine.

### PRECAUTIONS

Do not swallow. Keep out of reach of children, Non-compatible with cationic products. In case of contact with eyes or mucosae, wash immediately with plenty of water.

### PACKAGING

**TECMA SUELOS-PERFUMADO** is packaged in 10, 30 and 60 litres non-reusable, plastic containers.

### ADVANTAGES

- Concentrated product
- High cleaning power. Non-alkaline product; does not damage surfaces.
- Special for crystallised floors care.
